Arabic Gums

Gum Arabic, commonly known as Gum Acacia, is the exudate of the Acacia tree that grows in Africa's "Gum Belt" south of the Sahel. It is a safe addition with a wide range of functional qualities, making it a popular ingredient in the food and beverage, cosmetic, pharmaceutical, and other technological industries. Gum Arabic is entirely natural and has numerous applications, including serving as a great emulsifier and stabilizer.

Khyrat Al Qadarif General Trading has partnered with an industry leader specializing in sourcing and advanced processing of Gum Arabic (Acacia Senegal and Acacia Seyal). Our supplier's state of the art processing facilities has allowed us to achieve great export capabilities, while guaranteeing full traceability, consistency, and security of supply directly from the source.

Urea and NPS Fertilizer

We are reliable suppliers of high-quality urea and NPS (Nitrogen, Phosphorus, Sulfur) fertilizers, serving a wide range of agricultural needs. Our strategic partnerships and efficient supply chain ensure consistent availability and competitive pricing for these essential inputs.

Urea, a key nitrogen fertilizer, supports robust crop growth, while NPS fertilizers provide a balanced nutrient mix, enhancing soil fertility and yields. Our deep market knowledge and logistics capabilities enable us to meet the demands of both large-scale farms and smallholders with timely deliveries and tailored solutions.

With a focus on quality, reliability, and customer satisfaction, we continue to be a trusted partner in supporting agricultural productivity through the supply of urea and NPS fertilizers

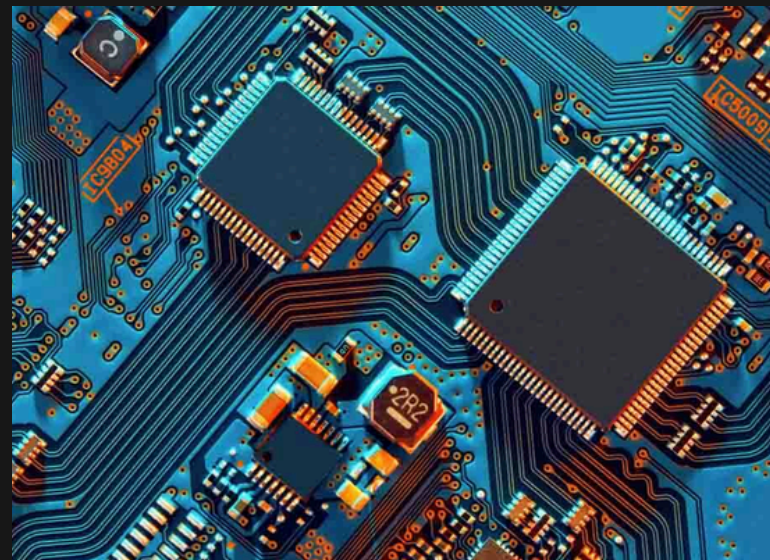

I.T. and Telecom

We understand the critical role that telecommunication and information technology plays in the success of every business. Our solutions exist to provide dependable products, services and support to our customers.

We offer our client full helpdesk, network support, PCs, Laptops, workstation and servers, and maintenance as required as part of our Managed Services. Supply and installation of Firewall Solutions, PABX System, CCTV and Networking.

Our team of experienced professionals works with you to understand your business needs and recommend the Information Technology solutions that are right for you. We have partnerships with top hardware and software vendors and manufacturers globally to ensure that we can provide you with the best products at competitive price.

Gold & Metals

Our team and seasoned and dedicated gold and metal traders are well versed in each of the following commodities:

- Gold
- Copper
- Chrome
- Manganese
